Give Your Family the Good Neighbors Healthful Surroundings and Outdoor Sports LITTLE NECK HILLS

Little Neck Hills is a unique development, most artistically planned and executed. It commands an unobstructed view of the blue waters of Long Island Sound, with the skyline of Manhattan and the Jersey hills beyond. Within easy reach of four of the most desirable North Shore Country Clubs, it is at the same time but a few minutes' walk from the beaches, bathing,

boating and fishing of Long Island Sound. An integral part of an old-established suburban colony—right in the town of Little Neck itself. About 35 houses are already on the property, built by individual owners.

Tax exemption for 9 years applies to homes built here.

At Gardeld Avenue.

This is a lifetime opportunity to secure an all-yearround bungalow site adjoining part of the proposed Cornell Basin, which is part of the great Jamaica Bay development. Think what this will mean in the future to owners of property here! Values of this property must go up, and in all probability the rise in values will be greater than could be hoped for in an ordinary investment.

Property is located within one mile of new concrete Rockaway Boulevard, which has just been completed by the city at a cost of \$800,000, also within a mile of proposed new State Boulevard. Furthermore, these lots are in New York City and houses built there this year will be tax exempt for the next nine years. By acting now, you can have your bungalow erected and ready for occupancy THIS SUMMER. Many families are making year-round homes in this neighborhood, thus dodging high rents, congestion and impure air. For further particulars apply to
